four others more or less wounded. Negroboys from the Polk county and the Lowdy plantations constituted the opposing teams. William Griffin, the unpire, and an adherent of the Polk side, held the stakes.

In the third inning Griffin gave the Lowdy team the hot end of a close decision and the angrieved team, led by larael Tate, made a rush for the umpire and his son, who was noting as official scorer. The umpire was prepared for the attack, however. He opened his vallee and passed pistols to members, of the Polk team and the battle begun, Israel Tate was the only man on the Lowdy team that had a gun, but he did effective work. He emptied his pistol into the Polk team, reloaded and emptied it again. He is credited with having shot four men.

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrap of Figs, prompty removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness without debilitating the organs on which it acts. It is therefore all important, in order to get its beneficial effects, to note when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co. only and sold by all reputable druggists.

Outfielder George, of the St. Paul team, took a punch at Umpire Snyder during the recent series at Milwaukee and was fined and put out of the game. While such conduct should not be tolerated on the hall field there are numerous rooters in this city who stand ready to declare George a hero, and in view of the repeated raw deals which the Columbus team received at Snyder's hands, there is good reason for the feeling which exists.—Columbus Dispatch.

"It is not that they have better players than other teams, for Toledo, Fort Wayne, Saginaw and other teams, are just as strong, while we have quite a team ourselves. It is simply that Manager Scheible makes every player go to bed at 11 o'clock at night, and fines every player who dissipates either at home or abroad. That is something that is not done by any other team in the league. Ours is no exception, and some of the managers make an attempt at discipline, but the players ignore the orders, and do as they please. wonder that the digestion of both gets out of order.

Nature works as hard as she can, but there are some things she cannot stand. If a man gets some foreign substance into the works of his watch, he doesn't expect the watch to run tutil the impediment is removed. His own digestive asystem is a much more wonderful and delicate mechanism than that of his watch, and yet he neglects it and abuses it. He lets it get out of order, and refuses to help it. In the end his neglect reacts with terrible force upon himself. The reaction comes on gradually, however, so that sometimes he scarcely suspects the cause.

The cause of nine-tenths of the sickness of the world is constipation—a condition so common that four people out of five take it as a matter of course. From this one cause come indigestion; disorders of the stomach, liver and kidneys; biliousness, headaches, flatelence, heartburn, impurity of the blood and the serious complications that follow. To begin with, constipation is a little thing, and a little thing will cure it. Dr. Pierce's Pleasant Pelleta are tiny, sugarcoated granules. They give to nature just the little help she needs. They are as gentle as they are efficient, and will perfectly cure the worst cases of constipation. There is nothing in the world like them, so there can be nothing "just as good."
